Set on a beautifully treed lot beside a walking path and green space, this modern bi-level offers the space, comfort and location families are looking for. With 1,218 sq. ft., five bedrooms and two bathrooms, there's plenty of room to spread out. The main level features a large, bright living room and spacious kitchen, while hardwood and vinyl plank flooring add a clean, contemporary feel throughout. The fully finished basement provides even more flexible living space for family, guests, a home office or recreation area.

Outside, the property is made for enjoying summer with a 21-foot above-ground pool, hot tub and mature trees, while the double attached garage adds everyday convenience. The location is another major highlight. Step outside to the neighbouring walking path and green space, with a daycare just across the way. You're also only three blocks from Main Street, putting shopping, services and the town's amenities within easy walking distance.

Included appliances complete the package. Modern, spacious and ideally located, this is a home that makes everyday living easy.
